## CRIMINAL COURT.

THE APRIL TERM CONVENED  
THIS MORNING.

## GRAND JURY CHARGED.

The Entries Made in a Number of  
Cases up to 3 O'Clock This  
Afternoon.

The April term of the Pettis county criminal court convened at 11 o'clock this morning, with Judge John F. Ryland on the bench.

There were the usual number of spectators present, attracted, possibly, by the thought that the court would repeat the sensational charge of some months ago in regard to returning indictments for playing high five and other games of amusement for prizes, but all such were doomed to disappointment.

Court was called to order by Sheriff Porter, after which the grand jury was called. R. C. Kelly, of Blackwater, was excused and J. Ed Love, of Sedalia, was substituted. The jury was composed of the following citizens:

### THE GRAND JURY.

V. E. Keller, Heath's Creek; Jno. W. Lakin, Longwood; P. H. Longan, Prairie; B. D. Clark, Elk Fork; C. W. Denny, Washington; W. H. Anderson, Flat Creek; T. H. Callis, Hughesville; A. Farnham, Sedalia; Wm. Courtney, Sedalia; J. H. Looney, Sedalia; D. T. Harshorn, Sedalia; J. Ed Love, Sedalia.

Judge Ryland then charged the grand jury at length, dwelling upon the commission of various misdemeanors, and especially upon gambling and the selling of liquor on the Lord's day. "When the grand and petit juries do their duty," said the court, "then nothing else is required to bring about the enforcement of the law."

Special attention was called by the court to the condition of the county jail and poor farm, and the jurors were urged to give both a thorough investigation and make such a report in the premises as the circumstances demand. The jail, the judge said, had been called to the attention of several grand juries in the past, but no steps looking to improvement in the present structure or the erection of a new jail had been taken, all of which was to be regretted.

### CRIME COMES IN WAVES.

In speaking of crime, the court said that it came in schools or waves, but he was glad to say that Sedalia was comparatively free from it at present. The judge dwelt at some length upon the evil effects of mob law upon a community, and expressed the hope that Sedalia would never be thus disgraced.

Attention was also called to the fact that public officers are the servants and not the masters of the people.

These officials, said the judge, sometimes fail to turn over fees that properly belong to the state, and if any such cases are found, indictments should be returned.

The charge to the jury was of nearly three-quarters an hour in length, and at 12 o'clock court took a recess until 1:20 p. m., after the grand jury had been instructed that it could use its own pleasure about adjourning to-morrow on account of it being election day.

### AFTERNOON SESSION.

When the court reconvened the case of the State vs. Chas. Banks, charged with murder in the first degree in having killed Ike Palmer, also colored, was called. The state announced ready for trial, but as the defendant's attorneys, Whitsett & Hammer, were not present, the case was temporarily passed.

The next case called was that of the State vs. Dick Robinson, colored, charged with murder in the first degree in having killed Johanna Schoolman. D. E. Kennedy, attorney for the defendant, filed a motion to quash the indictment, on the ground that the crime was not committed with felonious intent, and the motion is being argued as the DEMOCRAT goes to press.

### Real Estate Transfers

The following real estate transfers have been recorded:

Joseph Brown to Alex. Webb, the northwest quarter of the northwest quarter of section 14, township 46, range 20, containing 40 acres.

Consideration, \$55. The instrument is dated March 17, 1894.

Porter Real Estate company to Frank M. Heath and wife, block 4, of Arlington Heights; \$1,200.

Nicholas Crole to L. F. Case the north half of the northeast quarter of the northeast quarter of section 30, township 46, range 23; also, two acres out of the southeast corner of the east half of the southwest quarter of section 19, township 46, range 23; \$2,000.

L. F. Case to Mary C. Crole, the same tract of land; \$2,000.

M. F. Elliott and wife to M. E. Tenny, the north half of the west half of the east half of section 1, township 44, range 22, consideration \$75.

Smith & Cotton to Chis Jacobs, lot 3, block 9, original town; consideration \$225.

J. M. Davis and wife to James P. Allen, undivided one half interest in lot M in Evered's addition to Green Ridge, also 192 by 118 feet. Price \$2,360.

## THIRTY ENTOMBED.

Another Awful Mine Disaster in Pennsylvania.

HAZLETON, Pa., April 3.—Another awful mine disaster occurred here at 11 a. m. to-day. Thirty miners were buried beneath the fallen earth and heavy timbers and many, if not all, of them are doomed to death. The most heroic efforts at rescue are being made.

### MUST MOVE THE FREIGHT.

Judge Rick's Declines His Decision Against an Engineer.

TOLEDO, O., April 3.—Judge Ricks, of the United States court, this morning delivered his decision in the cases growing out of the Ann Arbor strike.

In his decision he declares that Engineer James Lennon, of the Lake Shore road, who refused to move cars until ordered to do so by the brotherhood, is guilty of contempt of court. The other seven were discharged.

It is the general impression that the men will quit work on such roads as receive Ann Arbor freight rather than handle it, and that they will quit without any formal order to do so.

### Was Electrocuted.

SING SING, N. Y., April 3.—Jas. W. Hamilton, a colored ex-preacher who was convicted of murdering his wife, was electrocuted to-day.

### Blackbirds Have Come.

F. A. Sampson, Sedalia's well-known naturalist, was delighted to-day to notice the arrival of the blackbirds in the city. There is a pleasure in the careful watchings for birds and flowers that most people never know of. Happy are those with souls so attuned as to enjoy it.

### Train of Barbed Wire.

A special train of twenty-one cars loaded with barbed wire, and worth thousands of dollars, passed south this morning at 11 o'clock from Waukegan, Wisconsin. It was placarded in large letters and will be the first to enter Houston over the new line.

### Appointed Agent

C. D. Minter has been legally authorized to act as agent for J. V. Farwell & Co., of Chicago, owners of "Dundee Place," the new addition to the city. The necessary papers have been filed in the county recorder's office.

### Sent to Jail.

Fred Julius for disturbing the peace, was taken before Justice Fisher this morning and fined \$5 and costs. He was unable to pay and was sent to the county jail.

### Funeral of Mrs. A. R. Kaiser.

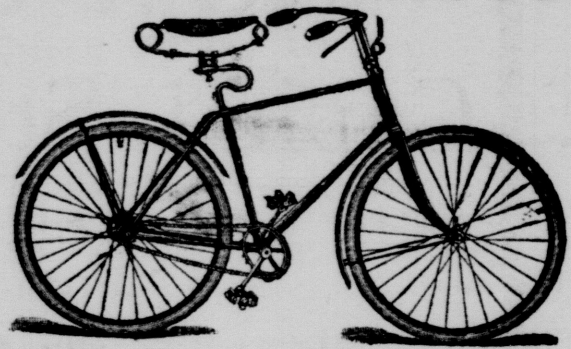

The funeral of Mrs. A. R. Kaiser took place at 3 o'clock yesterday afternoon from the family residence on Pettis street. Rev. J. S. Myers conducted the service.

### Real Estate Going Up.

The real estate firms are holding their prices up for spring, and some good property has been sold at quite an advance. The firm of Woodfin & Thatcher say they will not advance the prices for about thirty days on any of their properties. Parties who wish good properties or houses in any part of the city, had better call on them. They write fire insurance, best companies, loan money, buy and sell real estate.—314 Ohio street.

Sedalia needs clear-headed, experienced men in the council, and that's why the Third ward should give Dick Olmstead a big majority.

### Police Court.

J. J. Shaw, B. F. Fortune, Chas. W. Kennedy, V. E. Cullen, Mart Briggs, George White and John Southern were each fined \$5 for intoxication.

Chas. Worth, Jas. Segadon, Rosa Mathews, Louisa Johnson and Alf Lacy were each fined \$8 and committed for late hours.

Jas. Burke, for trespassing, was fined \$5 and granted a stay.

The charge of intoxication against John Wade was dismissed.

### County Court in Session.

County court met this morning, with all of the judges present. Up to 2 o'clock this afternoon the only business transacted was the issuing of the usual number of pauper warrants, together with some others. The session will probably be of three days' length.

### Overtaken His Cart.

Dick Olmstead attempted to make a short turn with his road cart on the market house square this morning and as a result both cart and himself were overturned on the ground. Dick was not hurt but the cart was considerably disfigured.

### The Play To-night.

"Ireland As It Is," for the benefit of St. Patrick's church, will draw an immense crowd. All the performers are well-known in the city and their countless friends propose to make the occasion one long to be remembered.

### Council Meeting.

The city council meets in the council chambers to-night in regular session for the transaction of whatever business may come up before it.

Olmstead is the workman's friend. Vote for him in the Third ward.

### No Longer With the "Bazoo."

John Evans, for twenty-three years connected with the Bazoo, severed his connection with that publication this morning. Mr. Evans stated that he may buy a printing office in Sedalia.

## BY A THUNDERBOLT.

A LADY STRUCK AND BADLY INJURED.

Mrs. Matilda Fryer Rendered Unconscious by Lightning—No Storm at the Time.

Mrs. Matilda Fryer, of Denver, Colorado, who is visiting her brother-in-law, John Stotts, and family, residing on a farm about five miles southeast of Sedalia, was struck by lightning this morning and terribly burned and stunned.

About 7 o'clock, Mrs. Fryer with a tin pail in her hand started to the milking pen. The sky was threatening rain at the time and the atmosphere was quite close and sultry. While Mrs. Fryer was walking along a path in the yard, suddenly there was a flash of lightning followed by a sharp peal of thunder, and the lady was seen to fall to the ground, the tin pail being battered and twisted and thrown quite a distance.

Mrs. Fryer was found to be totally unconscious and was at once carried into the house. A messenger was sent for Dr. Russell of this city, who responded and found her in a most precarious condition. The back of her neck and her en-

### RELIABLE AND NEWS!

THE DAILY DEMOCRAT.

The world's fair is to be opened next month.

Gov. STONE has signed the corrupt practice bill.

Go to the polls to-morrow and vote for the best interests of Sedalia.

The sale of the Sedalia, Warsaw & Southern pretty definitely settles it that Sedalia is to have a north and south road.

MANY a hardworking Sedalian returned to his labors this morning greatly refreshed by yesterday's taste of fresh air.

PEARL buttons are to be manufactured in this state—the factory is to be in the penitentiary and the workmen employed are convicts.

A PUBLIC library would benefit Sedalia in more ways than one. A little help now from every public-spirited citizen and the Queen City will have a library of which she may well feel proud.

BEING long on appetite and short on pie is becoming a confirmed habit with the Missouri colonels.—*Kansas City Journal.*

The *Journal* is recognized authority on this subject, for of course it refers to republican colonels.

THE building of the north and south road will, sooner or later, bring the state capital to Sedalia. Just mark that down, consider what it means and say if it is not worth far more than it costs.

THE list of building permits for the month of March shows that the building boom has fairly commenced, but the size of the boom is not fairly indicated by the permits issued. Many persons go ahead and build without taking out a permit as required by law.

THE DEMOCRAT has already secured a larger circulation in Sedalia than any paper ever had before, but the DEMOCRAT is not satisfied to stop at that. The list is increasing every week and we hope to be able to put the DEMOCRAT in every reading household in the city.

ACCORDING to the *Gazette*, it makes no difference what qualifications a man possesses, if he don't own a college diploma he is to be shut out of the race for county school superintendent. That doctrine won't go in Missouri. Other things being equal, fourteen years' experience outweighs a ship-skin.

THE announcement, made exclusively in yesterday's DEMOCRAT, of the sale of the Sedalia, Warsaw

and Southern to the firm that has the contract for building the Springfield, Sedalia, Marshall and Northern, was read with a great deal of interest by Sedalians, and was interpreted as significant of the early completion of the road from here to Springfield. Many persons were disappointed that the narrow gauge is to become a part of the north and south road, while others were disposed to feel happy at the positive evidence that the road to Springfield is to be built. But both classes were anxious to learn of the transaction, and the DEMOCRAT was in demand as furnishing the only information on the subject of such vast importance to Sedalians.

A NUMBER of Sedalia's most deserving young men are members of the Y. M. C. A. and they naturally felt hurt when a contemporary stated that they were trying to shield a criminal from prosecution. The young men say they are anxious to do all the good they can in this busy city, but they do not desire to defeat the ends of justice or the enforcement of the law.

### "THE TWO CANDIDATES."

Under the above caption the *Gazette* of yesterday had an article which was so unfair to Mr. Driskell and so emphatically and willfully untruthful that it calls for a correction.

After treating the candidate of the democracy to fair words so far as his personal character was concerned, the *Gazette* proceeded to give him this stab:

"But he certainly has not had the mental and professional training which the people should demand in one who is to take this office. As we understand the matter he has had no education except such as could be picked up at a common school in the country, and has had no experience in teaching except two terms in a school of the same character. Mr. Bronson, on the contrary, has not only been subject to a drill of the high school and state university courses of study, but has taken a special course in the theory and practice of teaching, with the best instruction in the studies which are required for a proper outfit for the profession of teaching.

Still further, Mr. Driskell is put forward as a man of "experience," but even on the score of experience Mr. Bronson, in the grade of school taught at Ottaville and in the universal commendation of his work there is fully equal to, if not in advance of, Mr. Driskell."

The statement that Mr. Driskell has only taught school two years is absolutely and unqualifiedly false—so false that it could hardly have been made by accident, unless by one who is himself densely ignorant of Pettis county people and Pettis county affairs, or extremely reckless in his statements.

The facts are that Mr. Driskell has had *fourteen* years' experience as a teacher in the public schools of Missouri; he has taught *ten* years in Pettis county; was for many years principal of the Smithton public school and gave such satisfaction that he has since been offered the position again. He was, several years ago, offered the school at Ottaville, but chose to continue in the position he filled in this county.

It is a fact that Mr. Driskell is not a graduate of any college. He is a self-made man who has had only the advantages of an academic course, but who has added long years of study and actual experience as a teacher.

But the people of Pettis county have not reached that high degree of "culchaw" that would cause them to ostracize a man merely because he does not own a college diploma. The people out in this "wild and uncouth west" have a practical, sensible way of judging a man by what he is rather than by his opportunities. They want in office the man who is most competent to discharge the duties, and they don't care a rap whether he received his instruction in a country school or in a college. It is, with these plain people, many of whom never saw the inside of a college, merely a question of competency. They have no fads.

Up to the present, the self-made man has been rather a favorite, and these western people rely a great deal more upon what a man has done than they do upon his college training.

Indeed, if all men who are so unfortunate as not to own a diploma

are to be debarred from office, we will lose many of our ablest professional and business men, and thousands of aspiring, ambitious young men will find the gates of public preferment closed against them, and they will have burned the midnight oil in their own rooms to no purpose.

That doctrine might do in some sections, but it is repugnant to Missourians.

UNDER an act recently passed by the New York legislature—which, of course, has no validity as law—New York City has, says the *Republic*, sent a force into the territory of the Croton watershed, and whatever dwelling is found too close to the river is set on fire and burned. Instead of getting down their rifles, as their fathers would have done, the surprised farmers and villagers simply sit still in open-mouth astonishment while the invaders apply the torch to their homes and barns. It is the most extraordinary campaign since Sherman marched through Georgia, and the most extraordinary part of it is that these people submit to having their homes burned without striking a blow in defense of them.

THE electric road which Mr. McEnroe proposes to build is only one of the many that will be constructed in a few years. It is the impression of close observers that the electric road is the solution of the road problem, and that it is to take the place of the turnpike as a line of communication between communities. It would be a grand thing for Sedalia to be the center of a system of electric freight and passenger roads extending fifteen or twenty miles in all directions.

THE most important item of news for Sedalia people yesterday was the announcement of the sale of the Sedalia, Warsaw & Southern railroad to J. B. Quigley & Co., but somehow it escaped both of our contemporaries. It was the same with the statement of the proposed electric road that is to be built north by Mr. Pat McEnroe. If you don't read the DEMOCRAT you don't get the news.

### AMUSEMENTS.

#### MacLean and Prescott.

"L'Absintheur," the title of the new play to be presented on Thursday evening is a strong modern play in five acts from the pen of the talented artist and authoress, Miss Marie Prescott. This play was written by Miss Prescott and developed to display the special abilities of herself and R. D. MacLean. "L'Absintheur" translated into English means "The Absinthe Drinker" and on this the story and plot of the play are founded. The scenes are laid in Paris. It presents a vivid picture of the evil of absinthe drinking, a habit that is most common in Paris, and which pervades all classes. Miss Prescott interprets the part of the heroine and Mr. MacLean plays the part of the absintheur. Friday evening, Romeo and Juliet.

#### An Immense Business.

Theodore Shelton, of the Gauss-Shelton Hat company, St. Louis, was in the city yesterday visiting friends. Mr. Shelton stated that his firm had done the biggest business this year in its history, and that they were far behind with their orders. Accompanying Mr. Shelton was Mr. Frederick Cummings, of Orange Valley, New Jersey, a member of one of the largest hat manufacturing establishments in the United States. He stated that they were four months behind with orders.

It creates strength; improves the appetite; nature's own remedy, much preferable to drugs; guaranteed absolutely pure and over five years of age. Young wine ordinarily sold is not fit to use. Insist on having this standard brand, it cost no more. \$1 in quart bottles, pints 60 cts. Royal Wine Co. For sale by A. S. McGowan.

#### The St. Louis Republic Free.

The "Twice-a-week" St. Louis *Republic* will be sent free for one year to any person sending, before April 1, 1893, a club of three new yearly subscribers, with three dollars to pay for the same. The *Republic* goes everywhere, and is the most popular paper published in America. Its readers get the news

half a week earlier than it can be had from any weekly paper, while its literary, agricultural, women's and other departments are unsurpassed. It fills the wants of every member of the family, and should be read in every household. You can get three new subscribers for it, by a few minutes' efforts. Try it, at once, and see how easily it can be done. If you wish a package of sample copies, write for them. Cut out this advertisement and send with your order. Address *The Republic*, St. Louis, Mo.

### Discharged for Drinking.

The Chicago, Rock Island and Pacific railway has issued an order that all employees who are known to drink to excess and who are found in saloons during working hours will be discharged. The order was enforced at Peoria, Ill., last Friday and three men were caught in a saloon and promptly discharged. The manager and his assistant from the Illinois division arrived from Rock Island with a carload of new men and the work of weeding out of the old men began. Twenty-four were discharged at once, the complaint being drunkenness, and new men were put to work under those of the old men who had been retained.

Later the chairman of the grievance committee claimed to have discovered that the new men did not belong to the union, and the remaining men were ordered out. This left the yard in the hands of the new men, and work progressed slowly. It is stated that the men will attempt to precipitate a general strike on the line. The officials here say there will be no deviation from the rule requiring sobriety on the part of the men.

Swickley, Penn.: We had an epidemic of cholera, as our physicians called it, in this place lately and I made a great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week, and have since sold nearly a gross. This remedy did the work and was a big advertisement for me. Several persons who had been troubled with diarrhoea for two or three weeks were cured by a few doses of this medicine.

### New Cigar Factory.

J. W. Brock and P. S. Jamerson, two popular and well known cigar makers, have started a cigar factory at 104 E. Main st., and, although only a short time manufacturing, their "Our Standard" and "Golden Star" are in active demand. They started in business with the intention of giving to smokers the best 5 and 10 cent cigars sold in Sedalia. It seems that the boys have succeeded, for any one who has tried their cigars don't want any other brand. They will be on sale all over the city as soon as they can manufacture sufficient to supply the trade.

### Will Go to St. Louis.

Amandus Fitschen, for the past year with Ott Bros., druggists, has resigned to accept a position with Louis Poole, druggist, at Compton and Madison avenues, in St. Louis. Mr. Fitschen is a bright, energetic young man and has a successful future before him. He will depart for St. Louis on April 12th.

### Board of Equalization.

Notice is hereby given that the county board of equalization will be in session at the court house on Tuesday, Wednesday and Thursday, April 4th, 5th and 6th, 1893, for the purpose of correcting erroneous assessments for the taxes of 1893. THOS. F. MITCHEM, County Clerk.

## THE SINGER.

The rough world takes me fiercely by the throat;

"Sing thou, and earn thy bread,  
Thou canst make music, give us now a song  
Ere day is sped.""We pay thee well--now tell us of thy pain  
In fluent verses strong;  
For thou hast suffered. Sing us as we wait  
Some mournful song."My heart and brain were silent all the day;  
My very soul was numb.  
I had no songs. For gladness or for pain  
My lips were dumb.Love waked me in the night when stars were high,  
When winds were blowing free;  
"Canst thou not fashion from thy deepest  
Some song for me?"Then falling like the blossoms of the spring,  
So thick they came and fast,  
Songs drifted white and fragrant on my soul;  
I sang at last.

—Grace Duffield Goodwin, in the Travelers Record.

## COLLIDED WITH AN OWL.

The Hooter Breaks the Headlight of an Engine and Leaves the Engineer in a Predicament.

Engineer Jackson, of the Missouri Pacific, from whose engine, No. 269, Fireman West Christine fell near Elston last Saturday morning at an early hour, had quite an experience during that night.

Westbound passenger train No. 3 is one of the heaviest on the system and arrives in Sedalia at 3:15 in the morning. Friday night was a tempestuous one; the wind blew, the rain fell in torrents and the roar of the dark forests that approach the track near Chamois, could be heard above the noise of the train.

The train was rushing along at a high rate of speed when suddenly a large horned owl flew out of the woods and went crashing into the headlight. The glass was broken and the wind blew out the light. Throughout the remainder of the run the nery engineer sat at his throttle, sending his thundering engine over the road and though a little belated at last brought his train safely to the union depot in this city.

## Special Notice.

## THE SALE RATIFIED.

CHEROKEES PASS THE STRIP OPENING BILL.

ALL THE AMENDMENTS AGREED TO.

The Remaining Preliminaries to Be Rushed—The Formal Opening Now Left to the President, Which He Can Proclaim Whenever He Pleases—Not Likely Before July 1, However.

TALHEQUAH, Ind. Ter., April 3.—The national council of the Cherokee nation, Saturday night, after a hot fight, passed the bill to ratify the amended strip treaty, and opening now is an assured fact. The Cherokees will now appoint a delegation to go to Washington and negotiate the security and make provisions for taking the census in order that a pro rata distribution of the purchase money may be made. It is the opinion of ex-Congressman Peel that the Cherokee outlet cannot be opened for settlement before July 1. The land of the Tonkawas and Pawnees must first be allotted and the country boundary established, which means a complete survey of the strip by the government. The time required all depends upon the anxiety of the president and the interior department to open the lands for settlement.

The Cherokees will have their delegation on its way to Washington in a few days and the principal chief hopes to have the money from the sale of the government securities ready for distribution within two months. A call has been issued for a mass meeting of the members of the Chickasaw tribe of Indians, to be held at Tishomingo on May 4 for the purpose of considering the question of the allotment of their lands and arranging for treating with the government representatives. The feeling among the Chickasaws is favorable to allotment and statehood.

## A SUBSTITUTE FOR POWDER.

Experiments With a New Explosive Being Made in the German Army.

BERLIN, April 3.—A commission of artillery experts has been testing for several days at the Jetterburg a new explosive which is intended to replace ultimately gunpowder in the German army. The explosive is a brown, fatty substance of the consistency of frozen oil when exposed in ordinary temperature. It retains the consistency up to 113 degrees Fahrenheit. A shock or a spark does not set it off. When used in guns the explosion is obtained through contact with another chemical compound. The explosion is also unaccompanied by smoke, and the detonation is inconsiderable. The recoil is very slight even when the heaviest charges have been used. The explosive does not heat the weapon sufficiently to cause difficulties in the way of rapid firing, and cartridges once used are easily refilled.

For the present rifle model the new compound is not available, but if future tests be as satisfactory as the recent ones it will be introduced generally in the artillery branch of the service. Four models of new army rifles having many advantages over the rifle now in use have passed successfully the trials of the small arms inspectors. The inventor of all four is Dr. Weiss of the Gera dynamite factory.

## SMUGGLING IN CHINESE.

How Sharers in Portland Are Evading the Law.

PORTLAND, Ore., April 3.—If the investigation into the methods of the Chinese at this port and on Puget Sound commenced by Special Treasury Agent Noyes is carried far enough, it is said some sensational revelations will be made. Custom Inspector Todd of Vancouver, B. C., says the steamer Haytian Republic has been carrying a large number of Chinese to Portland from Vancouver on every trip and that but a small proportion has been sent back until the last trip when thirty-seven were deported. He says these Chinese all have certificates which are procured from Portland and Salem and notaries and lawyers in the two cities are in the business of furnishing them. Chinamen send their photographs which are attached to bogus certificates. For these certificates they pay \$60, the Haytian Republic charges them \$30 face and then they have to pay an agent \$10 to see that they get it all right.

Five Chinese are now held at Astoria awaiting deportation, it having been discovered that names of five well known business men of that city have been forged to the certificates.

## TROOPS FOR THE TERRITORY.

The Four Cavalry Companies at Fort Leavenworth Now Held in Readiness.

FORT LEAVENWORTH, Kan., April 3.—Colonel S. Townsend, commanding at this post, received a telegram yesterday from General Miles, commanding the department of the Missouri, directing him to hold in readiness for immediate movement the four troops of cavalry stationed here. It is understood that the cavalry is to be sent to Antlers, Ind. Ter., in case of further trouble there or in that section of the country.

The four troops comprise 240 men and they are the flower of the army. Colonel Townsend stated that he had no information where the troops were to be sent but supposed to Antlers.

## A Remarkable Journey.

SEATTLE, Wash., April 3.—A remarkable journey was recently brought to a successful close by C. H. Hamilton of Chicago, 22 years of age, who arrived here last night from Alaska. He traversed 1,500 miles on snowshoes up Yukon river in Alaska and over the divide to Chilkoot, in the dead of winter, being the first white man who has ever crossed these mountains at that season and lived.

Surrounded by Huge Icebergs. LONDON, April 3.—Captain Lillia of the British ship John Coke, which sailed from San Francisco on November 1, and reached Queenstown yesterday reports that on the night of January 14, he saw a full rigged ship sailing among fifty icebergs. Her destruction he says was inevitable. Captain Lillia estimates the length of the largest iceberg as fifteen and its height as 700 feet.

## Approved the Election Law.

JEFFERSON CITY, Mo., April 3.—Governor Stone has approved the act of the legislature to prevent bribery and corruption at elections. It limits expenses of candidates and requires them to file sworn statements of their campaign expenses. The act is similar to the New York law.

## An Exhibit From the Bad Lands.

SIOUX FALLS, S. D., April 3.—One of the most unique exhibits at the world's fair will be a display of remarkable fossils from the Bad Lands, near the Black Hills. It is well known that this region is richer in the relics of by-gone ages than any other part of the globe.

## Killed by His Playmate.

RAPID CITY, S. D., April 3.—Allie Boutwell, a 12-year-old boy, Saturday shot and immediately killed Emory Stucky, a 7-year-old boy, at a ranch near this city. The boys were playing hunter.

## DON'T WANT JUDD.

HIS APPOINTMENT DISTASTEFUL TO AUSTRIA.

BECAUSE OF HIS HEBREW FAITH.

Anti-Semitic Organizations of Vienna Protest Against His Acceptance as Consul-General—Was His Appointment Accidental or Intentional?—Other Late Washington News.

WASHINGTON, April 3.—Cable messages from Vienna stating that the anti-Semitic organizations and other bodies in that city are vigorously protesting against the reception of Mr. Max Judd of Missouri, a Hebrew citizen of the United States, and a native of Austria, nominated and confirmed as consul-general to Vienna, have necessarily recalled the Keilly incident of Mr. Cleveland's previous administration in connection with that same country.

The anti-Semitic feeling, it will be recollected, played an important part in the refusal of Austria to receive Minister Keilly, because his wife was a Jewess, and resulted in the practical suspension of diplomatic relations between the two countries for over a year.

The upshot of the whole affair was that Mr. Keilly was sent to Egypt as one of the judges of the international court there, which position he still retains; that the Austrian minister in Washington was given indefinite leave of absence, and that the United States did not appoint another minister to Austria until the government of that country itself made the first advances more than twelve months afterward.

In view of these facts standing out so prominently in the diplomatic correspondence of the United States, it is being asked whether the selection of a Hebrew citizen of the United States for the important position of consul-general in Vienna was intended to renew the former cause of discussion or whether it was merely an accident.

## BEHRRING SEA COMMISSION SCANDAL.

Secretary Gresham Says the Administration Will Sustain the Commission.

WASHINGTON, April 3.—In view of the statements which have appeared during the last two or three days concerning allowances made to certain persons employed in various ways in the preparation and presentation of the case of the United States before the Behring sea arbitration tribunal, Secretary Gresham has sent to the consul of the United States in Paris a dispatch from which the following is quoted: "Neither the state nor the treasury department is responsible for mischievous publication. The administration will do everything in its power to maintain the case of the United States and to support its agent and counsel before the tribunal of arbitration."

## To Investigate the Weather Bureau.

WASHINGTON, April 3.—As a result of the controversy between Mark Harrington, chief of the weather bureau, and J. B. McLaughlin, chief of the executive division of the bureau, Mr. Harrington has demanded of Secretary Morton an immediate and full investigation of the administration of the bureau. McLaughlin was suspended by Harrington for insubordination, and referred to the secretary for dismissal. McLaughlin responded by filing charges of corruption against Harrington.

## Chillians Coming to the Fair.

WASHINGTON, April 3.—The bureau of American Republics is informed that the steamer Imperial has been chartered to leave Valparaiso, Chile, on the last of May, for San Francisco, to convey a party of Chilean world's fair at Chicago. It is proposed to spend twenty days at the exposition after which the principal cities of the Atlantic slope, including Washington, will be visited.

## Cleveland Will Open the Fair.

WASHINGTON, April 3.—It is stated that while President Cleveland has not yet officially notified the world's fair commission of public ceremonies that he will be present at the opening of the fair, he expects to be able to accept the committee's invitation to be there. The members of the supreme court will also go to Chicago to attend the opening of the fair, but do not expect to witness the naval parade.

## The Public Debt Statement.

WASHINGTON, April 3.—The statement of the public debt giving the transactions of the treasury in the month of March shows a net decrease in the debt of \$1,956,172.

## The New French Cabinet.

PARIS, April 3.—M. Meïne has formed a new cabinet as follows: Felix Jules Meïne, premier and minister of commerce; M. Charles Dupuy, minister of the interior; M. Jacques L. Trarieux, minister of justice; M. Raymond Poincaré, minister of finance; M. Eugene Speller, minister of education; M. Francois Viette, minister of public works; Admiral Rouvier, minister of marine and colonies; M. Albert Viger, minister of agriculture; General Loizillon minister of war; M. Develle, minister of foreign affairs.

The new cabinet is regarded as an ad interim ministry for the purpose of passing the budget and winding up the session. It is favorably regarded, as a rule, by nearly all classes.

## A Pleasure Party Drowned.

NEW ORLEANS, La., April 3.—By the overturning of a sailboat on Lake Ponchartrain yesterday afternoon four persons, Mrs. Mary Kelly, Miss Agnes and Mamie Flynn, her nieces, and Miss Effie Kelly, were drowned. Several others who formed the party narrowly escaped a similar fate. The party, consisting of ten persons, all residing within a stone's throw of each other in this city, had gone out to Milneburg, a pleasure resort on the lake shore, for a picnic.

## CONDITION OF MEXICO.

A Summary of the President's Message Shows It to Be Pessimistic.

CITY OF MEXICO, April 3.—The presidential messages opening congress says in substance: "The decision of the joint American-Mexican commission is in favor of Simpson Well and the Abrams company. The Washington congress has referred the matter to the court of claims. There is a chance that the amount awarded will be returned to Mexico."

The Ignacio massacre was caused by Texan outlaws. Papers have been forwarded for the extradition of the leader of the massacre. Invitations to the international congress have been accepted. Precautionary measures against cholera continue to be taken. Under the new mining law 2,500 applications have been made. Production is fast increasing. There are now 23,000 miles of telegraph lines in Mexico. In the last six months 205 miles of railway have been constructed and there are now 6,867 miles altogether. Plans have been presented by five new railway companies. It is hoped that the Tehantepec railway will soon be completed. The harbor works at the Tampico and Vera Cruz are in a satisfactory state. Mexico is able to meet all her obligations.

## HIS BRIDE SPIRITED AWAY.

A Webb City Young Man Unlawfully Seized and His Wife Abducted.

WEBB CITY, Mo., April 3.—Aloise H. Klein of this city and Miss Carlisle H. Holmes of Seneca, Newton, county, Missouri, were married here by Judge Joseph Fetters on March 18. They lived happily together for four days, when the girl's step-father, William Albert of Seneca, came here with the city marshal of Seneca, and pretended to place them under arrest. The girl was taken in charge by her step-father and young Klein was taken to Seneca by the marshal. Here no charge was made against him and he was released without receiving any explanation of why he had been so roughly treated. He expected to find his wife in Seneca, but she was not there and he returned to Webb City, where he has since remained disconsolate. His bride's whereabouts are unknown.

The young woman is said to be worth \$20,000 in her own right. Her husband claims that she was of age, and in any event they were lawfully married. Hammer has it that the step-father has placed the young bride in an Eastern convent.

## World's Fair Tickets on Sale.

CHICAGO, April 3.—All the leading hotels have placed on sale tickets of admission to the World's Columbian exposition, and a brisk demand has begun. Thousands of them were bought up by individuals who were desirous of keeping them as souvenirs, or of sending them away to friends. The tickets are a trifle larger than the old five cent pieces which were current in the days of fractional paper money, and are printed in four designs, each one bearing a different medallion on its face. Over \$300,000 worth have been disposed of already.

## Missouri Convict Labor Leases.

JEFFERSON CITY, Mo., April 3.—The board of inspectors of the penitentiary has entered into a contract for five years to furnish A. L. Whitney, business manager of the Ohio Valley Pearl company, with 150 male and fifty female convicts, the same to be used in the manufacture of pearl buttons. The price of the labor is sixty cents per day for the men and fifty cents for the women. The entire business of the company will be moved here within thirty days.

## Will Stand by Each Other.

TOLEDO, Ohio, April 3.—Meetings of engineers and firemen were held in this city yesterday, at which it was decided to stand by the Ann Arbor strikers, no matter what the decision of the court may be. When asked what action would be taken in case the decision is adverse to them, the leaders say that Ann Arbor freight will not be touched under any conditions.

## A Paying Investment.

NICE, April 3.—The receipts of the Monte Carlo casino during the year which ended on Friday were larger than in any other year of its existence. They amounted to 24,000,000 francs and warranted the announcement of a dividend of twenty-five francs per share. The largest dividend yet declared. Five hundred francs shares are now quoted at more than 2,500 francs.

## Big Cigarette Factory Burned.

NEW YORK, April 3.—The seven story brick building, which was formerly occupied by the firm of W. Duke, Sons &amp; Co., as a cigarette factory, but more recently by the American tobacco company as a manufactory of smoking and chewing tobacco, was destroyed by fire early yesterday morning. The loss is placed at \$400,000, fully covered by insurance.

## Two Bloodless Duels.

PARIS, April 3.—Captain Serreau, of the French merchant marine, and Captain Dietrich, of the German merchant marine, fought a pistol duel yesterday. Each fired three times and neither one was injured. The duel between M. Andreux and Deputy Maret resulted in neither of the combatants being hurt.

## Missouri Oratorical Contest.

MEXICO, Mo., April 3.—In the eleventh annual inter-collegiate oratorical contest of Missouri W. J. Williamson of William Jewell was awarded the prize, the subject being "National Perils." The second prize went to X. P. Wilkey of Central college. His subject was "Democracy and Social Progress."

## Four Killed by a Boiler Explosion.

LACONA, Iowa, April 3.—By the explosion of a boiler in a saw mill near here owned by Henry McKinness, he and his three sons were instantly killed.

## \$40,000 for the Corbett-Mitchell Fight.

NEW YORK, April 3.—Corbett has signed an agreement with the Coney island athletic club to fight Mitchell before that club for a \$40,000 purse.

**PERSONAL.**

George Mackey is at California to-day.

Guy Cope went to Jefferson City at noon.

Tom Hayes made a Sunday visit to Holden.

Dr. J. H. Cody arrived from Marshall this morning.

Rev. J. M. Plannett came in from Lamonte this morning.

R. J. Mann, a prosperous Smith-ton farmer, was in town to-day.

Frank Stevens came up from Parsons and spent Sunday in the city.

The infant daughter of Mr. and Mrs. Enoch Etheridge is quite ill at the family residence on East Twelfth.

Mrs. George Galbreath and two children arrived on the noon train to visit her parents, Mr. and Mrs. Cyrus Newkirk.

Miss Perla Strother, daughter of Judge John P. Strother, of Fresno, Cal., is visiting her uncle, Henry Strother, and family.

Dr. T. P. Shadburne, of Windsor, was the guest of his son, First House Surgeon R. L. Shadburne, of the hospital, to-day.

D. M. Overstreet and E. P. Brooks went to Smithton this morning in the interest of the Overstreet Pharmacal company.

L. G. Addor, the Ohio street jeweler, returned from St. Louis this morning. He had a pleasant visit with friends and relatives.

Capt. D. K. Chase, a prominent Kansas City capitalist, is in the city visiting his son, N. D. Chase, the Ohio street dry goods man.

Vincent Kaziuski, of Topeka, Kansas, is in the city and to-day purchased a fine saddle horse of Hinsdale &amp; Menefee to be shipped to-morrow.

John T. Alderson, of Moberly, who has been visiting his cousin, Mrs. Nettie Painter on East Sixth street, left this morning on the north bound train for Moberly.

Andy Gardella came up from St. Louis and is feasting his eyes upon familiar faces and scenes of the Queen City. Andy looks as natural as ever and his countless friends are glad to see him.

Harry Edmonson, the popular mail clerk running between St. Louis and Kansas City came down Saturday from Kansas City accompanied by his bright little boy, Leonard, who will visit his grandparents, Mr. and Mrs. John Kaiser.

Mrs. James A. Massa, of Kansas City, is visiting her sister, Mrs. H. L. Berry. Mrs. Massa, accompanied by Mrs. Berry, Mrs. Percy Harker, and Mrs. Wm. Hammond will leave for St. Louis to-morrow to attend the annual meeting of the Home Missionary society.

**A Fine Team of Roadsters.**

Ralph Blair has sold his span of fine buggy horses to Capt. E. W. Stevens, getting a fancy price for them. The horses are among the most stylish and best gaited in the city.

**SHOP AND RAIL.****ITEMS OF INTEREST TO LOCAL TRAINMEN.**

News About Different Roads, Employers and Employees.

E. A. Thompson, the switchman, is laying off a few days.

Will Woods is distributing sample copies of that bright, entertaining publication, the *Traveler's Record*.

Supt Adams, of Dallas, and Route Agent Clark, of Parsons, both of the American Express company are in the city to-day.

General Manager J. J. Frey took charge of his office to-day at Topeka, Kas., and the Sante Fe system will now enter upon a new era of prosperity.

L. E. Hancock has resigned from the railway postal service and the "Sed. &amp; Den." will know him no more. It is probable that he will enter upon the study of law.

W. H. Wallace, agent for the American Express company, has secured a ten days' leave of absence and will leave Wednesday for a visit with his sister in Arkansas. Express Messenger Jos. Kolkmeier will have charge of the office during Mr. Wallace's absence.

A large rock, weighing over 5,000 pounds, rolled down off of Lovers' Leap yesterday morning and fell on the main track of the St. L., K. & N. W., between the shops and the saw mill. The K line wrecker was brought into requisition and the rock was removed without great difficulty.—*Hannibal Journal*.

Warren Lindsay, brother of J. P. Lindsay, superintendent of the seventh division of the railway postal service, has resigned the office of private secretary to his brother in St. Louis, and has accepted a run as a postal clerk between Sedalia and Denison. Mr. Lindsay is an uncle of Mrs. W. H. Ramsey and Mrs. Chas. S. Dexter.

**Had His Nerve With Him.**

A number of railroad and traveling men were gathered around the office fire in the Depot hotel at Hannibal when the subject of ingratitude was brought up for discussion. To illustrate his argument an engineer on the M., K. &amp; T., related the following story:

"When I was approaching Boonville, Mo., on my last trip, and was near the switch yards, I looked ahead of my engine and saw something on the track by the switch. At first I could not distinguish what it was, but when I got closer I came to the conclusion that it was a man. So I blew the whistle several times and began ringing the bell, but he did not seem to move or pay any attention to my warnings. I began to slow up as best I could, and finally came to a dead stop. Still he did not move. Thinking probably he was dead, I got down from the engine and went ahead to where he was. I soon saw he was dead—dead drunk.

"What are you doing here?" I asked. "Why didn't you get up when I whistled?"

"He looked up at me and said: 'To h—l with you! What are ye bothering me for? Why didn't you go up the other track?'"

"For downright coolness and ungratefulness I thought this took the cake."—*St. Louis Republic*.

**Raising Money.**

A subscription list is now being circulated among the railroad employees to raise money to send to the sisters at the Sedalia hospital. This money will be used in completing the chapel at the hospital and furnishing it.

Lists at various other points are also being circulated and when submitted will foot up a neat sum. The sisters are deserving and the movement now on foot should receive every encouragement possible.—*Denison Herald*.**The Favorites Win.**

The replacing of L. N. Kintz, claim agent for Texas, by C. C. McCleod, of the Soo line is not kindly regarded by the friends of the former. Mr. Kintz is a thoroughly capable man and has had years of experience. He received the brief notice on March 29th that his services would no longer be needed after April 3rd. There was no waste of words in explanation.

**Ah! There, Rumor.**The Katy will have a new time card about April 30. This is to accommodate northern connections, and Hannibal, this time, is the authority.—*Denison Herald*.**Big Bargains**

Servants Object to Them and Consequently They Must Go.

The plan of building houses with kitchens at the top, however advantageous it may be in keeping unsavory odors from the rest of the house, is not likely to become general in Washington.

When the Metropolitan club was built some six or eight years ago, it was the first building in town of any size to have the top floor given over to the uses of a kitchen. At the time the subject was discussed pro and con, and many prophesied that the new idea would be generally followed.

Time has proved the fallacy of those predictions, as the buildings which have since been constructed on a similar plan are few and far between, while in private houses there are no kitchens on the top floor, except in the handsome brown-stone residence erected by ex-Senator Palmer.

Last winter the property was leased by secretary and Mrs. Elkins, who, though otherwise pleased with the pleasant, sunny house, experienced no end of trouble because the kitchens are on the top floor.

The servants object, as they are cut off from all intercourse with their friends, who remain away rather than mount so many flights of stairs.

At the Metropolitan club the cooks, with their white caps and aprons, present a most attractive appearance during warm afternoons, when assembled for a chat in the balconies under the eaves.

Whatever may be said for or against kitchens in that portion of the house, they will certainly never be popular with the majority of servants who do not relish the opportunity thus afforded for looking down on humanity in general.

**A CURE FOR RHEUMATISM.**

It Wasn't Intended as Such and Was a Caution to the Patient.

"Talk about sick men in a hotel," said a veteran hotel clerk. "Let me tell you of an experience we had with a fellow not long ago. He came to the house all right, but he took a heavy cold, and it seemed to go into a sort of rheumatism and settled in his shoulders. The poor fellow suffered awfully, and couldn't lift his hand to save his life. He sent for a doctor, and, of course, got a prescription which didn't do him a particle of good. One of the bell-boys heard that witch-hazel was a good thing, and seeing a bottle of it in one of the rooms, brought it in to the sick man. The fellow was glad enough to try anything, and the bell boy rubbed him with it manfully. About two hours after rubbing the sick man felt the thing begin to burn, and word soon came to the office that he felt as if he were all afire. I went up and found him in awful pain. I asked him the cause of it, and he pointed to the witch hazel bottle. I looked at it and found that it was an old bottle filled with furniture polish. There was a state of things. Finally the fellow in his pain, commenced to limp about the room, and as he did so he would throw his arms over his head. In about an hour's time the burning stopped, and his rheumatism was gone. He had a few blisters to take care of, but he was so glad to get the use of his arms that he never made a kick. Funny cure, wasn't it?"

**UNLUCKY THIRTEEN.**

It Wasn't the Toughness of the Beef, But Its Associations.

He walked into the restaurant with a yearning, half-famished look in his eyes.

It was not the finest restaurant in the city, but he seemed oblivious of the fact as he eagerly scanned the bill of fare.

"Bring me some mutton chops," he said to the obsequious waiter.

"I can't jes' recommend de chops, sah," replied the waiter.

"Why not?"

"Cause dey's all gone any more!"

"Then get me a beefsteak and be quick about it!"

The beefsteak was a demoralized-looking specimen and of adamant consistency. The waiter watched him gleefully as he hacked off a corner and conveyed it to his mouth.

There was a suppressed groan. Our hero had broken a tooth in an ill-advised attempt at mastication.

"Is you superstitious, sah?" inquired the waiter.

"No. Why do you ask?"

"Cause you is de thirteenth pusson wot tried to eat dat erdential piece of beefsteak, and none of 'em couldn't do nuthin' wid it. I knowd sumfin' were agwine to happen, shuah!"

**The Artfulness of the Ant.**

Like many other insects, the ant is very fond of sugar, to obtain which it employs a skill that is almost incredible. An observer thought he had protected his sugar basin from the attentions of a number of ants by placing it in the center of the vessel full of water. To his amazement, however, he found that they got at the sugar by climbing up the wall of the room to the part of the ceiling that was just over the basin. From this spot they allowed themselves to fall among the sugar. Several that were carried by the draught past the bowl fell into the surrounding water, and would all have been drowned but for their mates, who succeeded in rescuing them. The truth of this singular occurrence is vouched for by the witness of it.

**Tallahassee's Street-Car System.**

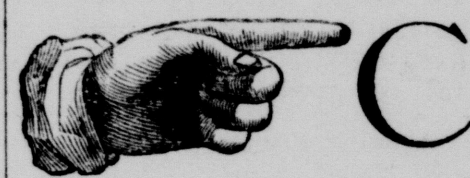

The street-car system of Tallahassee, Fla., consisting of one car, is operated by a negro and a mule, both of whom live only to please the people. If the car happens to be going one way and a passenger wants to go in an opposite direction he has only to say so and the mule is immediately hitched to the other end and the car started in the desired direction.

Notice is hereby given that at the annual school meeting of the school district of the city of Sedalia, in Pettis county, Missouri, to be held for the election of school directors of said district, on the first Tuesday in April, 1893, at the same time and place in said city as the election for municipal officers of said city. There will be submitted to the qualified voters of said school district the question whether the rate of taxation for the year 1893 for school purposes in such district shall be increased to sixty-five cents for said year on the one hundred dollars assessed valuation on all the taxable property of said district; and those voting at said election in favor of such proposition shall deposit a ballot with the words written or printed thereon as follows: "For increase of taxes for school purposes to sixty-five cents on the hundred dollars," and those voting against such proposition shall deposit a ballot with the words written or printed thereon: "Against the increase of taxes for school purposes to sixty-five cents on the hundred dollars."

Done by order of the board of directors of the school district of the city of Sedalia, this 12th day of March, 1893.

AUG. T. FLEISCHMANN,  
Secretary of the Board.

**Resolution.**

Be it resolved by the council of the City of Sedalia, Missouri, as follows, to-wit:

That we deem and declare it necessary that Third street, in said city, between the east line of Hancock avenue and the west line of Engineer street, except the part already paved by P. McEnroe, be macadamized, and this resolution be published in the newspaper doing the city printing for two consecutive weeks.

Adopted by the council of the City of Sedalia, Missouri, on the 23rd day of March, 1893.

E. W. STEVENS, President of the Council.
